Dear Senator Whelan:

Re: Senate Bill S3102

On behalf of the members of the Greater Atlantic City Chamber, we wish to formally advise you of our support for Senate Bill S3102.

The Greater Atlantic City Chamber has consistently supported and has advocated for incentives to encourage investment and employment throughout Atlantic County. This bill would enable companies engaged in long term projects to employ workers needed to develop and complete important high impact projects requiring technical skills and advanced disciplines.

Thank you for your consideration on this important matter.

Sincerely,

Joseph D. Kelly, President
